

Meet Pam Kosmowski!

Pam Kosmowski is SUNY Geneseo's new AOD Program Coordinator

My name is Pam Kosmowski. I am beyond excited to join the SUNY Geneseo community as the new AOD Program Coordinator. My professional background includes working as a school counselor, family therapist, and substance use counselor, with children, teens and adults and the many issues that they may face. I apply a systemic approach to counseling, looking at the whole person, not just a single issue. My overall goal is to create a safe, comfortable environment for those that I am meeting with. I look forward to working with the students, staff, and community members within Geneseo.

Pam is taking on a dual role, as a member of the SUNY Counseling staff, and picking up some of the responsibilities that Rob Levy has been handling in community and campus prevention. When Rob retires at the end of June, Pam will become co-chair of Hc3, ensuring the sustainability of the organization and the vital networking it provides. We are looking for someone from the community to be a co-chair for Hc3! Please let Pam or Rob know if you are interested in helping out. Pam can be reached at pkosmowski@geneseo.edu, and Rob at rlevy@geneseo.edu.

The Geneseo Healthy Campus and Community Coalition (Hc3) is a partnership between all sectors of the college, village and town, including college faculty, staff and students, community members and other stakeholders. Our purpose is to work together to reduce high-risk alcohol and other drug use, and to create a connected, healthy and inclusive community.

Our Next Coalition Meeting:

Weds. 4/20/22 at 10 a.m.

We're meeting early, so two of our very busy student interns can present their research. Lindsey Isenberg will talk about Adolescent Development and Binge Drinking, and Meg Seeley will discuss Alcohol and Athletics.

We will meet **in-person** at the Interfaith Center on Franklin St., and online. Here's the link:

Bust at Smokers' Emporium

In November of 2021 the Geneseo Police Department began receiving information that a business on Main Street was illegally selling e-cigarette products to minors. The Geneseo Police Department and the Livingston County Drug Task Force conducted an investigation that included undercover purchases of marijuana from the location.

On March 2, 2022 a search warrant was executed at the location. Seized at the time of the search warrant was approximately 50 grams of cannabis, 216 grams of concentrated cannabis, 45 THC vape pens and approximately 648 flavored Vape pens. Also seized were 3 illegal stun guns.

Members of the Geneseo Police Department arrested and charged 19-year-old Robert R. Eagan with unlawfully dealing with a child (a Class A Misdemeanor) and Unlawful Sale of Cannabis (a Violation). Eagan was issued an appearance ticket and given a future date to appear in the Village of Geneseo Court.

Livingston County Health Department representatives were present and cited the shop for selling to an underage individual.

The Livingston County Drug Task Force is comprised of members of the following agencies, the Livingston County Sheriff's Office, the Avon Police Department, the Caledonia Police Department, the Geneseo Police Department, the Dansville Police Department, the Mount Morris Police Department, the Nunda Police Department, the State University of Police at Geneseo and the Livingston County District Attorney's Office.

If you have information regarding illegal drug activity in or around Livingston County, please call us on our tip line at 844-LCSO-TIP or online at www.livingstoncounty.us/sheriff under the TIP LINE. You may remain anonymous.
